SUMMARY

Frontend developer with hands-on experience building responsive React applications and integrating REST APIs.

Strong in JavaScript (ES6+), component-based UI development, and modern CSS.

INTERNSHIP

Web Development Intern

Jan 2025 – Feb 2025

Cognifyz Technologies

- Built responsive webpages using HTML, CSS, JavaScript.
- Developed dynamic UI components with event handling and client-side logic.
- Implemented form validation, grid layouts, and navigation behavior.
- Used Git and GitHub for version control and task-based code updates.

PROJECTS

Catering Service Web Application [↗](#)

Tech: React.js, JavaScript, HTML, CSS, Axios, Node.js (API)

- Developed a responsive catering booking application using React hooks and reusable components.
- Integrated REST APIs using Axios to fetch menus, pricing, and booking data dynamically.
- Implemented conditional rendering and state management to improve user interaction.

TomTop E-Commerce Website Clone [↗](#)

Tech: HTML, CSS, JavaScript

Live: <https://frolicking-sprite-ca94e3.netlify.app/> [↗](#)

- Built a responsive payment page with client-side form validation using JavaScript.
- Dynamically rendered product details and images using JavaScript arrays and DOM logic.
- Collaborated with team members to integrate the payment UI with the overall site flow.
